**Dedicated to the Bop, Shag and Swing Dance Styles**

Volume 35 Issue 12 May 2024

Dear Music City Members and Friends:

At our last meeting, it was discussed quiet thoroughly about the Pro's and Con's of staying at the Post 88 vs. Maxwell House.....//..

Main Issues brought up about Maxwell House:

No guarantee how long we would be allowed to stay there

2 different people at the meeting said that the land was up for sale- what would that mean for the MCBC if we moved there and started dancing

Safety at the hotel and in the parking lot... that area of town has not gotten any safer

No security

It has been 1 ½ years since they made us leave for renovations....and they have JUST now started working on the bathrooms across from the lounge

They had no problem before...telling us we had to leave and were not welcome back

The Hotel is really run down

There would be no discount on food or drinks any more like we had before

Good things:

We would have George back with us!!!!

It would be dancing on Saturday night

At American Legion Post 88:

Post 88 wants us there!!!

Clean environment, it smells good

Good food and expanded menu of food

Safe parking

Not so good at Post 88..... Traffic is bad on Thursday night trying to get there

Diane and Sylvia went to Post 88 back on 04/05/24 to meet with Sharie Bardo.

We told her our main concerns about dancing at Post 88 were:

The \$200.00 fee that we were paying each night that we danced.

And that Thursday nights the traffic was so bad at that time of day, people trying to get there sometimes it took over an hour to get there.

Sharie response to our concerns:

She took away the \$200.00 fee per night that we dance.....

AS LONG AS WE ORDER FOOD AND DRINK while there.....

We asked if there were any other nights available for us to dance????

Sharie said Sundays (not the first Sunday of the month).... We would have to plan to dance from 6 to 9 on a Sunday. And she would see about bringing someone in to cook food....like from 6 to 8.

Lisa and Aaron did another wonderful job of giving West Coast Dance Lessons on Thursday April 25<sup>th</sup>. Be sure to tell them THANK YOU.... for them taking their time to teach lessons.

And here is a Note from the President:

Bringing a friend to a Music City Bop Club dance promises an unforgettable experience filled with rhythm, laughter, and shared memories. Not only does it amplify the enjoyment of the event, but it also fosters deeper connections and strengthens friendships through the universal language of music and dance. Together, you'll immerse yourselves in the vibrant atmosphere of the dance floor, moving to the beat of DJ sets, surrounded by fellow enthusiasts who share your passion for music and community. From swinging melodies to pulsating beats, the energy of the dance floor becomes contagious, igniting a sense of joy and liberation that is best shared with a friend. Whether you're beginners or seasoned dancers, bringing a friend ensures you'll have a supportive partner to laugh, learn, and groove with, creating cherished moments that will resonate long after the music fades.

The joys of the MCBC.

Diane Thurston

The purpose of the Club is to provide an organization for people who have a common interest in music and dancing based first on the music and dancing of the 50's and 60's known as the Bop Era but also encompassing other music and dancing that the Club may desire to include, such as Shag, Jitterbug, Swing, and other forms of "fast dancing" that are agreeable to the membership. It is further dedicated to the promotion and preservation of Rhythm and Blues, Shag, Beach, and Bop music.

# This Party Started 34 Years Ago

By Doug Brown

If you loved oldies music and bop dancing, then the place to be in the mid 80's was Chevy's, a night club located near the corner of Murfreesboro Road and Thompson Lane. Chevy's was the hottest club in town back then and that was where you could always find a group of the few remaining bop dancers in Nashville every night of the week. It all started about six – that's when they served the free buffet and good happy hour drinks and you could get ready for a night of pure fun – and all the dancers knew each other. That place, the people, the music and the dancing became a basic thing in many lives and friendships were formed then which are still alive today.

Eventually, because of neglect by the owners, the place became a shadow of itself, and Chevy's was sold and the music format changed. The bop dancing oldies lovers were left with no place to dance to our music. Some of us heard about a group in Memphis that had formed a club based around the same music and dancing we enjoyed so several Nashvillians journeyed to Memphis to find out what it was all about.

They found the Memphis Bop Club and before long, a group of the Memphis Boppers came to Nashville to show us how it was done. Our small group contacted everybody we could find from the old Chevy's crowd and along with nearly a hundred Memphis Boppers, we threw a party at the Marriott that was a huge success. Our group began to believe that we could do in Nashville what had been done in Memphis. Organizational meetings were held to get the ball rolling and on April 28, 1988 the Music City Boppers, Inc. were granted a charter by the State of Tennessee as a nonprofit corporation.

The founders donated lots of time and the necessary money to get the Club started. In May, 1988, we published our first newsletter and on Saturday, July 9, 1988, the Club held its first "private party" which was attended by 137 members and guests.

Everybody had a great time – and made memories they will never forget. Over the years, the Music City Bop Club has sponsored many more fantastic parties and has donated many, many thousands of dollars to good causes, including the night we sponsored a concert by the Drifters and raised \$10,000 for Jerry's Kids. We've worked hard, too, while we partied, like the time we served all the beer at Nashville's Summer Lights Festival, made about \$8,000 and gave it all away.

Time marches on, we all get a little older and a lot better, and things change. Most of the music we dance to now is a little different from what it was back then, but don't forget that we are older and better than we were back then. The important thing is that we are still having the party, making good friends and dancing to the music like we did back then. This party started 29 years ago – let's keep it going till 34 years from now.
